

What is your strategy for
Medical Equipment
Maintenance and Compliance?

The Challenge

The State of the Healthcare Industry
Healthcare is changing from the top down. Increasing Regulations and Compliance Requirements, Expensive In-House Programs, Competitive Marketplace, and Costly Certified OEM training add to the many challenges that the industry faces.

The Solution

Mantis - Your partner for all your needs

We are a complete Bio-Med and medical equipment compliance company offering full as well as a la carte services. Mantis is based in Rochester, NY and is a woman-owned business. Owner, Sharon Pelusio, and her certified OEM trained, friendly staff brings almost 30 years of experience to every service call.

Mantis Assured

In today's healthcare landscape compliance regulations and audits affect us all. At Mantis we offer Mantis Assured, a complete program that maintains and tracks your equipment, providing the documentation needed to make your audits worry-free. We are experts in equipment maintenance. We focus on CMS/Life Safety protocols, as well as, OEM specifications. From in-coming inspection through the lifecycle of your equipment, don't just be confident, be Mantis Assured!
